

Die Grinder

NEW!

RED ROOSTER DIE GRINDER RRG-500RE & RRG-500REL

Red Rooster die grinders are extremely suitable for de-burring applications, weld seam finishing and general die grinding applications.

Characteristics:

- The RRG range of die grinders are developed for enhanced productivity.
- The rubber cover allows the hand to grip the tool firmly due to the unique ergonomic design.
- The grinders have an adjustable rear exhaust.
- Air inlet with a swivel allowing the tool to be very flexible, especially in difficult access areas.
- When depressed fully the safety lever lays flat against the tool adding extra comfort for the operator.

RRG-500RE

RRG-500REL
